ÇELİK TEXTİLE

Çelik Tekstil has started to export mainly to the Balkan countries since its establishment and to produce its registered brand Selonya since 2005. It offers all kinds of textile products for parent, adult, youth, child and baby rooms to its customers with Selonya, Eiffel, Filinta and Palas brands. It manufactures its own fabric in its modern production facilities, in accordance with the quality standards of the Turkish Standards Institute TSE 2994. Confection processes that will transform fabrics into bed linen are also carried out in the same facilities. The dyes and finishes used in these fabrics, which are produced from 100% cotton yarn, do not contain chemicals harmful to human health. Çelik Tekstil products with EkoTeks certificate which are offered to consumers with a 2-year guarantee against manufacturing defects, non-standard fading and shrinkage. Çelik Tekstil, which has the patterns and designs of its products made by its own team and famous designers in the country and abroad, offers its brands to consumers at more than 300 sales points in the country and at more than 200 sales points in more than 35 countries abroad.

çelik Company team packs the required fabrics and goods with caution, and they pack in more than one bag the goods doesn't get damaged.. the order get prepared and filled into the container heading to the export and cargo companies...

Soft, silky, and exquisitely lustrous, our Duvet Cover Set features the best quality of fabric. Crafted from extra-long, hand-picked Cotton fibers, the Romantic Home collection effortlessly transforms a room into a stylish space. Pure 100% certified cotton.

OEKO-TEX® Certified Non-Harmful Chemicals
